RE: CANCELLATION OF LOCAL PLANNING APPEAL SUPPORT CENTRE

This letter is written to protest the cancellation of the Local Planning Appeal Support Centre (LPASC). This Centre was welcomed by many stakeholders including Resident and Ratepayers Associations across the province.

“Land use planning is complicated, and we are here to help the public engage early in planning and navigate the appeals process as quickly and effectively as possible.” (Mary Lee, Executive Director, LPASC) The implementation of the Centre provided all stakeholders with a forum in which to discuss and plan for a better future.

The current government cancelled the organization, before results of the consultation could be considered, in a rash and short-sighted decision.

Yours truly,

Judi Denison
Director, Lytton Park Residents' Organization

C.C.: Premier Doug Ford
Sara Singh, NDP Critic for Attorney General
Jeff Curch, NDP Critic for Municipal Affairs and Housing
Mayor Tory and Toronto City Council
